NOTES TO INTERIM UNAUDITED CONDENSED FINANCIAL STATEMENTS

(Unaudited - in Canadian dollars)

FOR THE THREE and SIX MONTHS ENDED NOVEMBER 30, 2018 and 2017

1. REPORTING ENTITY AND GOING CONCERN

Braveheart Resources Inc. (the "Company") is an exploration stage company engaged in locating, acquiring and exploring for precious metals in Canada. The Company was incorporated pursuant to the laws of Ontario on October 13, 2009. The Company is listed on the TSX Venture Exchange, having the symbol BHT and is in the process of exploring its mineral properties.

The address of the Company's corporate office and principal place of business is 2520 – 16th Street NW, Calgary, Alberta T2M 3R2, Canada.

Going Concern

These interim unaudited condensed financial statements have been prepared on a going concern basis, which contemplates that the Company will be able to realize its assets and discharge its liabilities in the normal course of business. The business of mining and exploring for minerals involves a high degree of risk and there can be no assurance that current exploration programs will result in future profitable mining operations and the Company has incurred significant losses to date resulting in a cumulative deficit of \$9,112,770 as at November 30, 2018 (May 31, 2018 - \$8,480,727). The recoverability of the carrying value of exploration properties and the Company's continued existence is dependent upon the preservation of its interest in the underlying properties, the discovery of economically recoverable reserves, the achievement of profitable operations, or the ability of the Company to raise alternative financing, if necessary, or alternatively upon the Company's ability to dispose of its interests on an advantageous basis. The Company is subject to risks and challenges similar to companies in a comparable stage of exploration and development. As a result of these risks, there is significant doubt which constitutes a material uncertainty as to the appropriateness of the going concern assumption. There is no assurance that the Company's funding initiatives will continue to be successful and these audited financial statements do not reflect the adjustments to the carrying values of assets and liabilities and the reported expenses and statements of financial position classifications that would be necessary if the going concern assumption was inappropriate. These adjustments could be material. The Company will have to raise additional funds to advance it exploration and development efforts and, while it has been successful in doing so in the past, there can be no assurance that it will be able to do so in As at November 30, 2018 the Company had current assets of \$797,472 (May 31, 2018 - \$187,906) to cover current liabilities of \$295,553 (May 31, 2018 - \$196,187).

For the six-month period ended November 30, 2018, the Company had a net loss from operations of \$632,044 and (2017 - \$511,855), cash flow used in operations of \$225,063 (2017 - \$151,614). As at period end, the Company had positive working capital of \$501,919, including cash of \$607,941.

The Company has a history of operating losses. In recent years, it had negative cash flows operations and working capital deficiencies.

Whether and when the Company can attain profitability and positive cash flows is uncertain. These uncertainties cast significant doubt upon the Company's ability to continue as a going concern.

Management is actively pursuing such additional sources of financing, and while it has been successful in doing so in the past, there can be no assurance it will be able to do so in the future. See also Note 12, Events After the Reporting Period for additional discussion regarding financings and property acquisitions.

FOR THE THREE and SIX MONTHS ENDED NOVEMBER 30, 2018 and 2017

2. BASIS OF PRESENTATION

2.1 Statement of compliance

The interim unaudited condensed financial statements have been prepared in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34"), as issued by the International Accounting Standards Board ("IASB") and therefore, do not contain all disclosures required by International Financial Report Standards ("IFRS") for annual financial statements. Accordingly, these interim unaudited condensed financial statements should be read in conjunction with the Company's most recently prepared audited annual financial statements for the fiscal year ended May 31, 2018.

The policies applied in these interim unaudited condensed financial statements are consistent with the policies disclosed in Notes 2 and 3 of the audited annual financial statements for the year ended May 31, 2018.

The interim unaudited condensed financial statements were authorized for issue by the Board of Directors on January 23, 2019.

2.2 Recently Issued Accounting Pronouncements not yet Adopted

The Company is currently evaluating the impact on its financial statements of recent accounting pronouncements, as follows:

- (i) On January 13, 2016 the IASB issued IFRS 16, "Leases". The new standard is effective for annual periods beginning on or after January 1, 2019. Earlier application is permitted for entities that apply IFRS 15, "Revenue from contracts with customers" at or before the date of initial adoption of IFRS
 - 16. IFRS 16 will replace IAS 17, "Leases". This standard introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. A lessee is required to recognize a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. This standard substantially carries forward the lessor accounting requirements of IAS 17, while requiring enhanced disclosures to be provided by lessors. Other areas of the lease accounting model have been impacted, including the definition of a lease. Transitional provisions have been provided. The extent of the impact of adoption of this standard has not yet been determined.

12. EVENTS AFTER THE REPORTING PERIOD

a) Purcell Property Acquisition

As previously disclosed in the financial statements of the Company for the period ended August 31, 2018, on October 18, 2018 the Company announced that it had entered into a definitive agreement to acquire the shares of Purcell Basin Minerals Inc. (Purcell) pursuant to a plan of arrangement and made pursuant to the Companies' Creditors Arrangement Act (CCAA). This is an arm's length transaction. The acquisition of Purcell received approval from all required parties and the transaction closed on January 18, 2019.

Under the terms of the Plan, Braveheart settled all priority payables including the costs of the Court appointed Monitor under the CCAA proceedings, related legal expenses and the interim financing currently in place and being paid by the debtor in possession. The cash cost of the priority payables is \$1,184,652.

Braveheart will issue shares and warrants to CuVeras LLC ("CuVeras") and its unit holders. Braveheart will also issue shares to unsecured creditors of Purcell and will make an offer to existing shareholders of Purcell that, if accepted, would allow them to acquire new shares of Braveheart.

The unit holders of CuVeras LLC ("CuVeras"), one of two secured creditors of Purcell, have been issued 10 million common shares of Braveheart and 10 million warrants of Braveheart, with each warrant entitling the holder to purchase a Braveheart common share at a price of \$0.15 per share for a period of 12 months. Braveheart has purchased CuVeras' senior secured position for \$6,000,000 in the form of a convertible debenture, which will mature three years from the date of issuance. The debenture will accrue annual interest of 0%, 1% and 2% respectively in the first, second and third year of the debenture. After two years, 40% of the principal amount of the debenture can be converted into shares of Braveheart at a price of \$0.40 per share. After three years, the remaining 60% of the principal amount of the debenture can be converted into shares of Braveheart at a price of \$0.50 per share. If the convertible debenture is fully converted into common shares of Braveheart, an aggregate of 13,200,000 common shares would be issuable to CuVeras.

Highlands Pacific LLC and Highlands Pacific Partners LP and related entities controlled by Brendan MacMillan ("MacMillan Group"), the second secured creditor of Purcell, has been paid \$2,500,000 in exchange for releasing all claims against the assets of Purcell and all claims against CuVeras and those parties have settled all litigation between them.

Unsecured creditors of Purcell have received 30% of their claim value in common shares of Braveheart at a price of \$0.10 per share based on a satisfactory proof of claim, resulting in the issuance of 4,276,248 common shares of Braveheart.

The Purcell equityholders will be given an offer to acquire up to 16.5 million units ("Units") of Braveheart. Each Unit will be comprised of one common share of Braveheart and one warrant, with each warrant entitling the holder to purchase a Braveheart common share at a price of \$0.15 per share for a period of 12 months. Each Purcell equityholder, regardless of how many Purcell shares held by such equityholder, will have to make a flat cash payment of \$1,000 for all the Units purchased.

12. EVENTS AFTER THE REPORTING PERIOD (continued)

In order to finance the cash costs of the transaction, Braveheart has entered into a loan agreement with Matlock Farms Ltd., a company controlled by Aaron Matlock, a director of Braveheart. The loan has a principal amount of \$5,000,000 and carries an interest rate of 14.8% for a term of four years. Interest will only accrue for the first two years, and commencing in the third year,

Braveheart will be required to make blended payments comprised of principal and interest.

Due to the fact that Matlock Farms Ltd. is controlled by an insider and a related party of the Company, this transaction is considered a "related party transaction" as set out in Multilateral Instrument 61-101 *Protection of Minority Security Holders in Special Transactions* ("MI 61-101"). The Company is relying on the exemption from the valuation requirements of MI 61-101 contained in section 5.5(a), and from minority approval requirements pursuant to section 5.7(f), due to the fact that the loan is on reasonable commercial terms that are not less advantageous to Braveheart than if the loan or credit facility were obtained from a person dealing at arm's length with Braveheart, and the loan is not convertible into equity securities of Braveheart.

Additional details regarding the transaction and the Purcell Property can be found in the Company's press release dated January 21, 2019 and filed on SEDAR.

b) Financing

Subsequent to period end, in December 2018, the Company completed a private placement of 14,165,000 units at \$0.10 per unit and for gross proceeds of \$1,416,500. The units comprise one common share and one common share purchase warrant. Each warrant will entitle its holder to acquire one additional common share of the Company at a price of \$0.15 for 24 months from the date of issuance. In addition, on that date the Company completed a private placement of 1,475,000 shares issued on a flow-through basis at a price of \$0.10 per share for gross proceeds of \$147,500. Commissions totalling \$18,000 were paid on the private placement resulting in net proceeds of \$1,546,000.
